to be contd/.

FILE NO: ARS 211 HRS 85.

Proceedings of Govt of Mysore.

1) Continuation and Completion of Local Boards, Branch, Municipal.
For Pg No. lxxxiv September 1899

2) October-1899

3) November-1899

4) December - 1899 to be Contd

13. Notwithstanding the reductions made in para 9 *supra*, the closing balances are less than the prescribed minimum in the municipalities of Kunigal, Gubbi, Huliyar, Pavagada, and Holavanahal i. The President is requested to propose reductions in the sanctioned allotments unless the actual balances on 1st July 1899 are in excess of the sanctioned estimates.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The President of Municipalities, Tumkur District.
The Comptroller to the Government of Mysore.
The Senior Surgeon and Sanitary Commissioner with the Government of Mysore.
The Chief Engineer of Mysore.
The Inspector General of Education in Mysore.
The Superintending Engineer, Sanitary Works, through Chief Engineer of Mysore

Memo No. 3263-9—L. F. 76-98.

Copy to the Presidents of Municipalities in other Districts.

APPENDIX A—Statement showing the Estimated Income of the several Municipalities in the Tumkur District for 1899-1900, as compared with the sanctioned estimates for the previous year 1898-99.

Letter No. 157, dated 29th August 1899, from the President of the Mysore City Municipality.

With reference to Government Proceedings No. 848—L. F. 17-96, dated 14th July 1899, approving of my proposals to hold the election of Municipal Commissioners for the City of Mysore, from the 12th to the 18th August 1899, I have the honor to state that the elections were held accordingly. A statement showing the result of election is herewith submitted. The election this year was very much keener than in any of the previous years. From the result of election it is clear that the persons who applied for the Municipal Commissionership as well as the voters took great interest. It will be perceived from the accompanying statement that all the successful candidates have secured nearly ⅔ of the votes. In two, *viz.*, Lashkar and Nazarbad, out of the seven mohallas, there was no competition and nevertheless, more than 60 per cent of the voters of the Lashkarmohalla attended.

In the Mandimohalla the competition was very exciting, one Mahomed Ali Khan competed with the former Municipal Commissioner Mr. Madappa. Though the number of Mahomedan voters was in no way unequal, and it was expected that the former would secure a larger number of votes, yet the latter won the day, even the Mahomedans voting for him on the day of election.

I take this opportunity of bringing to the favorable consideration of the Government the services rendered by Messrs. Anantharajaiya and Madappa, Municipal Commissioners of Lashkar and Mandimohallas, respectively, in helping the executive in carrying out the opening out of the congested patts in their respective Divisions, and I am glad to state that their services are still available for the next two years as they have been elected by a majority of voters and it is hoped that they will continue to take as much interest in their Divisions in the future as they have done in the past.

Mysore City Municipality.

The result of Election of Commissioners for the City of Mysore.

No. 3346—L. F. 4597, dated Bangalore, 6th September 1899.

ORDER THEREON.—Recorded with satisfaction.

2. The elections in question are approved and the names of the Municipal Commissioners thus elected will be notified in the *Gazette*.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The President of the Mysore City Municipality.

Re

Letter No. 108, dated 26th August 1899, from the President of the Municipalities in the Kadur district, submitting the explanation called for in Government Proceedings No. 1342-54—L. F. 81-98, dated 26th July 1899, in regard to the budget estimates of the several municipalities in the district for 1899-1900.

No. 3352-3—**L. F. 81-98, dated Bangalore, 7th September 1899.**

Order thereon.—***VII. Lighting.***—**The lump sum estimates entered under this head, which were provisionally retained for want of details, are now passed.**

Para of Government Proceedings 11. Para of President's letter 2.

(2) *IX. Charitable Grants.*—**The provisions made in the Municipal and District Fund budgets on account of the quota of the cost of construction and repairs of dispensary buildings differ as shown in the margin, though under Government Proceedings No. 7041-53—L. F. 117-93, dated 16th October 1893, the Municipal and District Fund Boards have to contribute equally towards such charges. The President is requested to obtain from the Executive Engineer an estimate of the probable cost required during 1899-1900, for each dispensary building and to propose correct provisions under this head. Pending information, the provisions will stand.**

—The President of Municipalities, Kadur District.
The Comptroller to the Government of Mysore.

READ

Letter No. 141, dated 25th May 1899, from the President of the Bangalore City Municipality.

Referring to Government Proceedings No. 10608-9—L. F. 110-97, dated 14th March last, I have the honor to submit herewith copy of the Report of the Sub-Committee on the present financial condition of the Municipality together with its enclosures, and also copy of Board's resolution thereon for the information and orders of Government.

2. As already reported, the large difference between this office balance and that according to the Comptroller's Books was due to inaccurate accounts having been maintained in this office from a long time. Although intimation of audited balances was received from the Comptroller month after month, it is a matter for regret that the Comptroller's figures were not adopted; and the result of this was that the Board were kept wrongly informed of their financial position. It is also a serious omission on the part of the Municipal office that the audited accounts as received every month from the Comptroller were never placed before the Board, so that they were never kept informed of the nature of adjustments made by the Comptroller, and how their balances stood from time to time.

3. The Sub-Committee took considerable trouble in examining the accounts of the past few years and they have satisfied themselves as to the correctness of balance as arrived at by the Comptroller.

4. The Sub-Committee have, however, in their examination of accounts discovered that certain charges which did not appertain to the Municipality were nevertheless incurred from Municipal Funds. This is explained below:—

5. The Government in passing orders on the final Report of the City Improvement Committee (Proceedings No. 24999-25003—L. F. 82-92, dated 27th June 1895) resolved to hand over to the Municipality the whole of the extensions. The Sub-Committee observe that the above orders were never communicated to the Board and no steps taken to give effect to the same with their knowledge. The roads and other works in the extensions having been in an incomplete state when the above orders were passed, the Sub-Committee consider that their completion devolved on the Special Improvement Committee. In this view the Board agree. The Municipality having spent the following sums on works of the above kind in both the extensions, the Board request that Government may be pleased to reimburse the Municipality in the sum so spent.

	Rs.	a.	p.
(1) Amount spent prior to the dissolution of the Special Improvement Committee *vide* Statement A	687	12	3
(2) Amount spent after the dissolution of the above Committee, *vide* Statement B	11,652	9	7
Total ...	12,340	5	10

6. In connection with the transfer of the extensions to the Municipality, as ordered by Government in June 1895, the Sub-Committee observe as follows:—

> "The incomplete condition of the extensions and the large number of roads ranging "between 30 and 60 feet in width would have been an important factor in "arriving at a conclusion whether the financial condition of the Board was so "prosperous as to take charge of the extensions without a grant from State "Funds."

I am desired to state that there is some force in the above observation and to submit the same for the consideration of Government.

7. In addition to the sum of Rs. 12340-5-10 expended on works as mentioned in para 5 *supra*, a sum of Rs. 7,147-11-0 was spent by the Municipality for conservancy and other charges over and above the income realized by the Municipality from the extensions as shown in Statement G which accompanies the Sub-Committee's report. The Sub-Committee consider that this expenditure should also be charged to the funds of the Special Improvement Committee, but the Board do not agree in this view.

8. The Sub-Committee, have next dealt with the expenditure incurred by the Municipality on account of plague preventive measures. In consequence of the exceptional nature of the season, the Municipality had to strain themselves to their utmost in carrying out all the necessary measures. They could not confine themselves to budget provision in carrying out sanitary improvements as shown in Statement H; and a further sum of Rs. 7,864-8-3 was spent for miscellaneous purposes as enumerated in Statement C. These sums aggregate Rs. 14,313-7-8. This charge of an exceptional kind was to have been met from the advance of Rs. 10,500 made to the Municipality for carrying out all the remedial measures against the plague. This amount of advance was subsequently ordered to be treated as a special grant, *vide* Government Proceedings No. 13597-601—Mis. 126-95, dated 19th June 1897. The expenditure of Rs. 14,313-7-8 as shown above and which should have been debited to the "Special grant" which was afterwards incorporated with the General Plague Grant, however, remained on the Municipal accounts as a Municipal charge without being treated as a plague charge. The Board now solicit sanction to transfer the charge from the Municipal to the General Plague Funds.

9. I respectfully beg to invite the attention of Government to the Board's resolution regarding the financial condition of the Municipality. The Government have already helped the Municipality with a loan of Rs. 16,000 and a sum of Rs. 3,000 has been borrowed from Plague Funds to meet current emergent expenses. Including the overdrawal from the Treasury, the Municipal liabilities amounted to Rs. 30,000 at the beginning of this month. Funds are required to meet the current charges on account of Establishment, Public Works, &c. I therefore beg that in accordance with the Board's resolution, Government may be pleased to sanction a further loan of Rs. 70,000 or one lakh in all. The loan will be drawn according to actual requirements after pointing out the necessity to Government on each occasion. The Board are confident that, with the extension of Octroi lately sanctioned, the Municipal finances will improve and when it is introduced, proposals regarding the repayment of loan will be submitted as the Board will then be in a proper position to consider the question.

Extract from the Proceedings of the Board, dated 27th April 1899

* * * * *

3. Report of the Sub-Committee *re* the financial condition of the Board.

Read the Report of the Sub-Committee.

The Board expressed their regret that incorrect accounts should have been kept in the Municipal office and submitted to the Board from month to month, which gave a false idea as to the state of the balances at the credit of the Municipality and that the Comptroller's adjustments were not duly entered in the monthly accounts.

As regards the expenditure incurred by the Municipality on works in the Northern and Western Extensions and referred to in the Sub-Committee's report, the Board resolved that Government be requested to reimburse the Municipality in the sum of Rs. 12,340-5-10, being the amount expended in putting in order the several roads and in carrying out certain new works in both the extensions, as all the works required had not been completed by the Special Improvement Committee.

The Board next considered the point referred to in the Sub-Committee's report regarding the expenditure incurred by the Municipality for plague preventive measures. The advance of Rs. 10,500 sanctioned for carrying out all the remedial measures against the plague was ordered to be treated as a special grant from Government, *vide* Government Proceedings No. 13597-601—Mis. 126-95 of 19th June 1897. An expenditure aggregating Rs. 14,313-7-8 was incurred on this account, and charged in the Municipal accounts. But the special grant of Rs. 10,500 having since been included in plague grants and separately accounted for, the Board resolved that Government be requested to treat the above expenditure of Rs. 14,313-7-8 as a plague charge and sanction the refund of the amount, the same having been met by the Municipality out of their funds.

The Board further resolved that as recommended by the Sub-Committee, the Standing Committee for the examination and audit of accounts be revived and that the following Councillors compose the Committee:—

Mr. P. Venkatramayya. | Mr. B. Raghunatha Rao. | Mr. A. Somasundra Mudr

The Board next considered the present financial condition of the Municipality. The Government had already come to their aid by granting a loan of Rs. 16,000, and a sum of Rs. 3,000 had been borrowed from plague funds to meet current emergent expenses. Including the overdrawal from the Treasury the Municipal liabilities aggregate nearly Rs. 30,000 at the beginning of this month. Funds being required to meet the current charges on account of Establishment, Public Works, &c., the Board resolved that Government be requested to sanction a further loan of Rs. 70,000, or one lakh in all, the loan to be drawn according to actual requirements after pointing out the necessity to Government on each occasion. It is hoped that the Municipal finances will improve more especially after the proposed extension of Octroi duties comes into force Proposals for the repayment of the loan will be submitted after the introduction of the new Octroi duties.

Report of the Sub-Committee, dated 25th May 1899.

1. With reference to the Memo of the Vice-President, dated 14th January and 25th January 1899 the Board passed a resolution in their ordinary meeting of 26th idem appointing a Sub-Committee consisting of Messrs. D. Venkatramaiya, D. Ranga Rao, K. Raghunatha Rao and the Vice-President "to examine the accounts thoroughly."

2. In pursuance of the resolution of the Board the Sub-Committee sat for more than 2 hours at a time during the 15 meetings they had to hold. In the absence of full information in the office for the work of the Sub-Committee to proceed, the Committee experienced much difficulty. On a requisition to the Comptroller an Accountant was deputed to help the Sub-Committee with references from his office which enabled the Committee to account for the great majority of the omissions in the Municipal accounts of the adjustments made in the Comptroller's office from time to time.

3. On a comparison of the items of receipts and expenditure between the accounts maintained in the Municipal office and those of the Comptroller during the years 1895-96 and 1896-97, 1897-98 and the first three months of 1898-99, the Sub-Committee find that on the 30th of June 1896 the Municipal accounts had failed to make adjustments to the extent of Rs. 2,073-6-2. During the year 1896-97 adjustments to a further extent of Rs. 2,650-1-7 were not made. In the year 1897-98 similar adjustments to the extent of Rs. 8,714-12-7, were not made. Finally during the three months preceding the Memos of the Vice-President, *viz.*, during the months of July, August and September 1898 adjustments to the extent of Rs. 2,584-8-0, were not made. These sums when totalled amount to Rs. 15,722-12-4 which denotes more or less approximately the difference between Municipal and Comptroller' balances.

4. In accounting for the differences between these balances it is to be observed that there are no less than three Agencies who either spend Municipal monies or make adjustments of the monies already spent. The three Agencies are the President, the Government and the Comptroller. The Committee have to point out that certain appointments are made by Government without reference to the Board even with regard to the pay of the Officers appointed. Similarly establishments in the Dewan's office and in the Comptroller's office are sanctioned without reference to the Board. The late President Mr. [illegible] drew his salary through the Agency of the Madras Bank without any intimation to the office as long as he remained President. The Committee have to bring to notice that such procedure is liable to lead to confusion in the accounts. In the Sanitary Department monies are spent by a separate Agency under the orders of Government and debited to the Municipal Funds by the Comptroller without any reference in the matter to the Board. Some definite instructions for future guidance are, in our opinion necessary. A perusal of the correspondence K in the Appendix between one of the [illegible] and the late President, dated 27th July 1896 will explain the necessity for [illegible] the Board may wish to take in the matter. Owing to existence of this [illegible] naturally some time would be taken for communicating the [illegible] adjusted. In some instances the Sub-Committee has found that the [illegible] six months to communicate the adjustments made in spite of the direct [illegible] Government Order No. 6227-8—L. 427, dated 24th May 1894, that such [illegible] should be reported monthly. Besides, it is very strange that the [illegible] should have made adjustments in his office to the extent of Rs. [illegible] an aggregate of the amounts of adjustments either not budgeted [illegible] budgetted amounts (*vide* statement D) Notwithstanding [illegible] the Board has no control, it is hardly creditable to the [illegible] tained a scrap of reference regarding the adjustments [illegible] during the period of very nearly 3½ years traversed by the [illegible] were not made during a period of 5½ years [illegible] differences between the balances have [illegible]

5. Another regrettable feature which [illegible] Board have not been kept informed by the President [illegible] Comptroller from time to time and [illegible]

f the adjustments made by the Comptroller. Probably some items of adjustments made by the Comptroller would have been disputed by the Board as being improper if the facts had been brought to the notice of the Board. Out of several items of adjustments one may be given as an instance The Board in their budget provided for the Sanitary Inspector's pay a salary of Rs 60 + 15 per mensem The Government without the knowledge and consent of the Board appointed an Officer on Rs. 100. The gentleman so appointed refused to be a subordinate of the Board, and drew his salary as a member of the Provincial Medical Service In spite of this the Comptroller has made an adjustment in the Municipal accounts at the rate of Rs. 100, being the salary actually drawn by the gentleman, while the budgetted amount was only Rs. 60 + 15.

6 A confusion has arisen on account of the scandalous delay in the winding up of the accounts of the late Special Improvement Committee which was dissolved on the 27th June 1895, vide Proceedings No 24999-25003—L. F. 82-92, para 5 of the Proceedings which runs as follows :—

"Government resolve to hand over to the Municipality the whole of the extensions and the Deputy Commissioner is requested to give effect to this resolution forthwith;" The Government Proceedings runs as follows :—

"The Comptroller will settle the advance amount with the Committee. The settlement should be effected on or before the 30th September 1895." Although the period stated in the expiry of the period mentioned in the Government Order the records show that the Government Order has not even been placed before the Board for acceptance Sites in the extensions are even now sold without any reference to the Board, the late President Mr. Leonard, seems to have taken no interest whatever in assessing the extensions and spending large sums of money on the maintenance of roads, conservancy and lighting. The Government have laid down that the formation of roads was still with the Provincial Public Works Department. The Committee learns that the works were completed only recently. In the above circumstances the Committee regret to find that sums to the extent of Rs. 6,672-14-0 have been spent on the roads in these extensions (*Vide* Statements A and B) which the Committee think it proper to suggest, should be debited to the Municipal Committee Account While making this recommendation the Committee are aware of the fact that the Municipality has derived an income in the shape of house and lighting taxes In fairness the Committee therefore propose that the amount spent by the Municipality for roads, lighting and conservancy in the extensions the amount derived in the shape of house and lighting taxes should be credited to the Municipal Funds from the late Special Improvement Committee Funds The Statement G herewith shows that the collections in the extensions amounted to Rs. 4,770-12-0 while the establishment charges for the corresponding period amounted to Rs. 1,097-13-0 It is also seen that the sale of sites in the extensions fetched Rs. 11,442-15-0 during the period and out of this amount the sum of Rs 6,672-14-0 has been spent by the Secretary without being credited to the Municipal Funds. In the circumstances the Committee are strongly of opinion that the Board would not be in a position to maintain the extensions without a grant from Government towards the maintenance of the extensions for at least a period of 10 or 15 years, if the extensions are handed over to the Board for their acceptance The income from sites and the large number of roads ranging between 30 and 60 feet wide are important factors in arriving at a conclusion whether the Municipal Board was prosperous as to take charge of the extensions or not. The Sub Committee therefore recommend that the Municipality should have the income as per Statements A, B and G from the late Special Improvement Committee

7 In the Government passed Order No 96 on President's Note dated 1st August 1898 sanctioning special funds to carry out the Bubonic Plague, and that the Municipality had incurred an expenditure of Rs 6,148-15-5 as per Appendix and also an expenditure as shown in the Plague Statements improving the sanitary condition of the City the Government however, in Memorandum dated 1st August 1898, that all expenses should be met from Special Funds The expenses incurred by the Municipality in Plague work should be taken into account as against the Plague Grant. The expenditure incurred by the Board as per Statements A and B were however not taken into account. The Sub-Committee recommend that the Municipality be allowed to debit the Plague Funds A request

8. When the recommendations of the Sub-Committee are accepted by the Board, the refunds from the Special Improvement Committee will be Rs. 19,488-0-10 as per Statements A, B and G and Rs. 14,318-7-8 as per Statements C and H. These, when totalled, amount to Rs. 33,807-8-6, whereas the deficit shown in the Memorandum of the Vice-President on 1st January 1899 amounts to Rs. 27,975-4-1.

9. Taking into consideration the still unsettled state of the trades in the City, the income of the Municipality, the Committee observe, is sure to be very fluctuating. The expenditure on the other hand is on the increase and is likely to be so for some time to come. Under the Plague Regulations several sanitary improvements are to be effected. Although a major portion of the expenditure is debited towards Plague Funds, still there are several items of expenditure which the Board has to incur in its recognized sphere. In order to meet the expenditure the Committee are strongly of opinion that the Board should request Government to grant a loan of at least a lakh of rupees to be appropriated as occasions arise. The necessity for the appropriation within the amount sanctioned may from time to time be pointed out to Government. How and in what manner the repayment of this loan can be made will have to be decided by the Board when it is in a position to take a proper review of their finances and when the Municipal collections assume their normal proportions. In this critical period, the Committee observe that it is impossible to arrive at any conclusion before the expiry of at least the next cold weather.

10. It is very much to be regretted that although one of the Members of the Sub-Committee *viz.*, Mr. D. Venkatramaiya, submitted a report so early as May 1893 regarding the unsatisfactory state of the accounts and insisted upon taking professional opinion and although this opinion was obtained as stated in the *Report of Mr. Biddulph, dated 10th* August 1897, the Executive of the Board failed in their duty to place the Report before the Board for prompt action to be taken on he several defects pointed out by Mr. Biddulph. The Executive also failed in their duty in not adhering to the Resolution of the Board, dated 20th January 1893, in the appointment of periodical Sub-Committees from among the Commissioners for the proper audit of accounts. Mr. Venkatasawmi Naidu's Audit Report was adopted with certain remarks made by the President at the meeting of the Board, dated 28th August 1893. If the same practice had been continued after that date, there would not have been any scope for the discrepancies which the Vice-President has now pointed out in his Memos under reference.

11. In conclusion, the Sub-Committee have to suggest that the Board may either accept the Comptroller's figures or appoint a competent Accountant for a short period to submit a final report making the Municipal and Comptroller's balances tally exactly, inasmuch as the present endeavour of the Sub-Committee has been successful in accounting for the large difference with the exception of a few hundred rupees.

12. In the Appendix will be found the several statements and lists referred to in the Report.

MEMO BY THE VICE-PRESIDENT, DATED 11TH JANUARY 1899

I beg to submit that in order to ascertain how the Municipal finances now stand I made a careful examination of the accounts of the past several months.

2. Beginning with the accounts for July 1898, I found the Cash account prepared in this office to show an opening balance of Rs. 25,511-2-11, when the correct balance as audited in the Comptroller's office was as under:—

	Rs.	a.	p.
Balance in Madras Bank	1,00,000	0	0
Deposit, &c.	4,787	9	3
Total	14,787	9	3
Debit balance in Treasury	3,401	11	1
Net opening balance on 1st July 1898	11,385	12	2

3. The current official year began with a debit balance of Rs. 3,401-13-1 in the Treasury or an overdrawal to that extent. The sum of Rs. 4,787-9-3 * remaining with the Municipality and included in the opening balance as above relates to deposits, &c., and does not therefore form portion of the Municipal Revenue Proper so that the actual Municipal balance on 1st July 1898, was the sum of Rs. 10,000, deposited in the Madras Bank less the debt balance in the Treasury or Rs. 6,598-2-11, net.

* With the exception of Rs. 100, which is the President's imprest.

4. On the contrary as submitted above, the cash account for July as prepared in this office showed an opening balance of as much as Rs. 25,544-2-11. This error continued in the accounts of the subsequent months. Added to this a double credit was, for no apparent reason, taken in the accounts by the Municipal office for September 1898 for a sum of Rs. 11,280 on account of contribution due for suburban roads, while credit for the corresponding amount of Rs. 5,600 had already been afforded by the Comptroller in the accounts for July. Thus, the Municipal office erroneously allowed the balance to swell to a very large extent.

5. A reference to the monthly cash account for the year 1897-98, as audited by the Comptroller, and which were the latest I referred to has shown that whilst correct balances were pointed out every month and the audited accounts forwarded to the Municipal office for corresponding corrections being made in the office ledgers, &c., no corrections were at all made but the audited cash accounts were merely returned every month with a note by the Comptroller that the corrections were *duly noted.*

6. The practice hitherto existing in the Municipal office of basing the accounts on incorrect figures without following those given by the Comptroller after audit is unwarranted and these incorrect figures have led to a regrettable mistake of having been reported to the Government that there was a balance at the credit of the Municipality.

7. I have been unable to obtain any satisfactory explanation how the accounts were kept month after month on fictitious figures and why the audited balances were not followed.

8. The adjusted balance on 1st July 1898, the present state of the Municipal finances may approximately be as follows including the adjustments in the Comptroller's office as ascertained.

	Receipts.			Expenditure.			Closing balance.			Remarks.
	Rs.	a.	p.	Rs.	a.	p.	Rs.	a.	p.	
	—3,401	13	1	...						
	22,801	11	2	12,490	7	9	7,099	6	4	Deduct balance on 30th June 1898, Rs. 3,401-13-1.
	13,081	0	3	11,021	0	11	8,559	5	8	
	8,561	1	3	11,728	3	4	2,392	3	8	
	2,551	8	11	16,926	8	8	—11,982	12	1	
	1,256	1	0	12,945	2	9	—23,591	13	10	
	2,787	7	7	7,150	13	10	—27,975	4	1	Debit balance on 1st January 1899, Rs. 27,975-4-1

9. ... a debit balance of Rs. 27,975-4-1, against the Municipality on 1st ... there has been an overdrawal from the Treasury. Against ... sum of Rs. 10,000 in the Madras Bank which will still leave a ... Rs. 17,975-4-1, due by the Municipality.

10. ... have formed a clear idea of the financial position of the Board ... according to the latest audited accounts had been ... accordingly. The overpayments in the Treasury was due ... for the Municipal and Plague accounts having been ...

11. ... working balance, while a considerable reduction is ... Works," attention being given only to works of emer- ... establishments have necessarily to be maintained.

12. As regards the income of the Municipality I need scarcely submit that on account of plague the Municipal Revenue has considerably suffered and as the City is just reviving, no pains will be spared in the matter of collection. The income realizable during the next six months of the year can be estimated as follows:—

Items.	As originally estimated for 1898-99, *vide*, sanctioned budget estimate.	Actual collection from July to end of December 1898.	Anticipated income for six months from January to end of June 1899.
	Rs.	Rs.	Rs.
I. Octroi	27,362	8,121	4,500
II. Tax on houses, &c.	28,000	7,631	5,000
Lighting tax	5,600	1,438	500
III. License Receipts—			
(a) Liquor shops	19,000	7,436	5,000
(b) Other licenses	7,500	3,389	1,800
VII. Mohatarfa—			
(a) Shop tax	12,000	1,655	2,000
(b) Loom tax		439	...
(c) Oil-mill tax	800	100	100
(d) Cart tax	1,200	200	100
VIII. Rents	8,850	3,523	1,200
IX. Fines	100	..	..
X. Miscellaneous	30,015	17,191	2,000
XII. Payments for Municipal services .	700	61	..
Total ...	1,50,127	51,190	22,500
Opening Balance ...	17,255	11,386	[illegible]
Grand Total .	1,67,382	72 [illegible]	...

13. The probable expenditure for the year will be as under :—

	Actual expenditure from July to end of December 1898.	Estimated expenditure from January to end of June 1899.	Remarks.
	Rs.	Rs.	
II. Head office ...	3,477	3,500	
III. Collection	4,779	4,800	
IV Conservancy—			
(a) Establishment	11,531	12,000	
(b) Other charges ...	5,985	4,000	
VI. Registration of births and deaths	583	500	
VII Lighting	5,527	6,000	
VIII. Public Works—			
(a) Supervision	2,306	2,000	
(b) Works	20,461	6,000 + 6,000	For steam road roller lately obtained.
IX Charitable grants	9,334	8,000	
X Education	5,186	5,000	
XI Miscellaneous	2,871	1,000	
Total	72,044	58,800	

14. The estimated expenditure from January to end of June 1899 will, as shown above, be roughly Rs. 58,800 including the cost of steam road roller recently obtained by the Municipality at a cost of Rs. 6,000, against an anticipated revenue of Rs. 27,000 for the same period. In the present exceptional season, the income of the Municipality is falling very low, and according to the above forecast a further deficit of Rs. 4,000 is expected so that on the whole including the excess expenditure of Rs. 1,97,044 to end of December already incurred as referred to in para 9 *supra* there will be an aggregate debit balance of about Rs. 50,000 in round figures at the end of the year.

15. To meet the current charges of the Municipality, I beg that the Government will be pleased, as circumstances above represented, be moved to sanction a loan of Rs. 50,000 to be refunded hereafter.

Note by the Vice-President, dated 25th January 1899.

I have read the Memorandum, dated 14th instant, regarding the present state of the Municipal finances. I beg to submit as follows :—

2. The accounts connected with the Receipts and Expenditure of the Northern and Western Extensions when under the management of the City Improvement Committee, were kept separate from the Municipal accounts.

3. At a meeting of the Municipal Commissioners held on the 30th October 1893, it was resolved that separate accounts should be kept, *vide* copy of Resolution quoted in the margin. This was done from October 1893, and the Government in their Proceedings No. 21939-25003—I. F. 84-92 of 27th June 1895, ordered the dissolution of the Committee from 1st July 1895 and directed the transfer of these extensions to the Municipality

EXTRACTION
from the Proceedings
[illegible]

4. From October 1893 up to the date of dissolution of the Committee, a sum of Rs. 687-12-3 is found to have been spent from the Municipal Funds on works in the two extensions, as will be seen from the accompanying statement marked A. This amount, the Municipality is entitled to get back from the Improvement Funds.

5. After the transfer of these extensions to the Municipality under the orders above quoted, a sum of Rs. 11,652-9-7 has been spent on works in these extensions from 1st July 1895 to end of December 1898 out of Municipal revenues. *Vide* Statement B accompanying this Memo. The necessity which arose for incurring such a large outlay so soon after the transfer and within the short period of two years and two months must show that all the works required in these extensions were not completed at the time the transfer was ordered. The whole of this outlay incurred as above by the Municipality, appears to be a fair charge against the Improvement Funds.

6. Further, to enable the Municipality to carry out all the remedial measures against the Plague in the City and in consideration of the special nature of the conservancy arrangements needed, the Government in their Proceedings No. 13597-601—L. F., 126-95, dated 19th June 1897, para 5, sanctioned the advance of Rs. 10,500 already made being treated as a special grant from Provincial Funds. Funds were thereafter placed at the disposal of the Municipality from time to time according to requirements to meet other charges also. As enumerated in the accompanying statement marked C, works most urgently required to improve the sanitation of the City costing Rs. 7,864-8-3 were carried out by the Municipality in giving effect to the orders of the Government, but the charges were erroneously debited to the Municipal Funds Proper, instead of to the Special Plague Funds. The Municipality has therefore to obtain a refund of Rs. 7,864-8-3.

7. Thus the Municipality has to obtain credit for the following sums:—

		Rs.	a.	p.
From City Improvement Funds ...		687	12	3
		11,652	9	7
From Plague Funds	...	7,864	8	3
	Total	20,204	11	1

No. 3356-58—L. F. 4398, DATED BANGALORE 7TH SEPTEMBER 1899.

ORDER THEREON.—The fact having been brought to the notice of the Municipal Board that there was a debit balance of Rs. 17,975-4-1 on 1st January 1899, according to the Comptroller's accounts, while the Municipal accounts showed a large credit balance in its favour, the Board resolved to form a Sub-Committee for the purpose of making a thorough examination of the accounts. The Sub-Committee thus formed, examined the accounts of the years 1895-96, 1896-97 and 1897-98 as well as of the first three months of 1898-99, and arrived at the conclusion that the difference between the Municipal and Comptroller's accounts was chiefly due to the omission to include in Municipal accounts the adjustments made in the Comptroller's accounts during the period referred to.

2. The Committee complain that the Government, the Comptroller and the Sanitary Department spent Municipal Funds or made adjustments of the monies already spent without reference to the Board in the first instance, and that the adjustments made in the Comptroller's office were not communicated monthly as required in Government Proceedings No. 6227-8—L. 427, date 24th May 1894. They also state that Mr. T. T. Leonard, the late President, drew his salary through the Agency of the Madras Bank without any intimation to the Municipal Office as long as he remained President, and that the Comptroller adjusted the salary of the Sanitary Inspector at Rs. 100 per mensem, the provision made therefor in the Municipal budget being only Rs. 60+15 notwithstanding the fact that the Officer refused to be a subordinate of the Board, and drew his salary as a Member of the Provincial Medical Service. The Committee, therefore, request the issue of some definite instructions in the matter. Government are of opinion that no Municipal money should be spent, and no adjustment thereof made, without the charges being accepted by the Board. A copy of the Sub-Committee's report will be forwarded to the Comptroller with a request that he will issue the necessary instructions for future guidance.

13. The probable expenditure for the year will be as under :—

Items.	Actual expenditure from July to end of December 1898.	Estimated expenditure from January to end of June 1899.	Remark
	Rs.	Rs.	
II. Head office	3,477	3,500	
III. Collection	4,779	4,800	
IV. Conservancy—			
(a) Establishment	11,531	12,000	
(b) Other charges	5,985	4,000	
VI. Registration of births and deaths	583	500	
VII. Lighting	5,527	6,000	
VIII. Public Works—			
(a) Supervision	2,306	2,000	
(b) Works	20,461	6,000 + 6,000	For steam road roller lately obtained.
IX Charitable grants	9,334	8,000	
X Education	5,186	5,000	
XI Miscellaneous	2,871	1,000	
Total	72,041	58,800	

14. The estimated expenditure from January to end of June 1899 will, as shown above, be approximately Rs. 58,800 including the cost of steam road roller recently obtained from Madras at a cost of Rs. 6,000, against an anticipated revenue of Rs. 43,000 for the same period. In the present exceptional season, the income of the Municipality has fallen very low, and according to the above forecast a further deficit of Rs. 15,800, is expected so that on the whole including the excess expenditure of Rs. 17,975-4-1 to end of December already incurred as referred to in para 9 *supra* there will be an aggregate debit balance of about Rs. 50,000 in round figures at the end of the year.

15. To meet the current charges of the Municipality, I beg that the Government may, under the circumstances above represented, be moved to sanction a loan of Rs. [illegible] to be refunded hereafter.

2nd Memo by the Vice-President, dated 25th January 1899.

In continuation of my Memorandum, dated 14th instant, regarding the present state of the Municipal finances, I beg to submit as follows :—

2. The accounts connected with the Receipts and Expenditure of the Northern and Western Extensions when under the management of the City Improvement Committee, were being included in the Municipal accounts.

3. At the meeting of the Municipal Commissioners held on the 30th October 1893, it was resolved that separate accounts should be kept, *vide* copy of Resolution quoted in the margin. This was done from October 1893, and the Government in their Proceedings No. 24999-25003—L. P. 82-92 of 27th June 1895, ordered the dissolution of the Committee from 1st July 1895, and directed the transfer of these extentions to the Municipality.

RESOLUTION
Cost Account Current.

[illegible]

4. From October 1893 up to the date of dissolution of the Committee, a sum of Rs. 687-12-3 is found to have been spent from the Municipal Funds on works in the two extensions, as will be seen from the accompanying statement marked A. This amount, the Municipality is entitled to get back from the Improvement Funds.

5. After the transfer of these extensions to the Municipality under the orders above quoted, a sum of Rs. 11,652-9-7 has been spent on works in these extensions from 1st July 1895 to end of December 1898 out of Municipal revenues. *Vide* Statement B accompanying this Memo. The necessity which arose for incurring such a large outlay so soon after the transfer and within the short period of two years and two months must show that all the works required in these extensions were not completed at the time the transfer was ordered. The whole of this outlay incurred as above by the Municipality, appears to be a fair charge against the Improvement Funds.

6. Further, to enable the Municipality to carry out all the remedial measures against the Plague in the City and in consideration of the special nature of the conservancy arrangements needed, the Government in their Proceedings No. 13597-601—L. F., 126-95, dated 19th June 1897, para 5, sanctioned the advance of Rs. 10,500 already made being treated as a special grant from Provincial Funds. Funds were thereafter placed at the disposal of the Municipality from time to time according to requirements to meet other charges also. As enumerated in the accompanying statement marked C, works most urgently required to improve the sanitation of the City costing Rs 7,864-8-3 were carried out by the Municipality in giving effect to the orders of the Government, but the charges were erroneously debited to the Municipal Funds Proper, instead of to the Special Plague Funds. The Municipality has therefore to obtain a refund of Rs. 7,864-8-3.

7. Thus the Municipality has to obtain credit for the following sums :—

	Rs.	a.	p.
From City Improvement Funds	687	12	3
	11,652	9	7
From Plague Funds	7,864	8	3
Total	20,204	11	1

No. 3356-58—L. F. 4398, DATED BANGALORE 7TH SEPTEMBER 1899.

ORDER THEREON.—The fact having been brought to the notice of the Municipal Board that there was a debit balance of Rs. 17,975-4-1 on 1st January 1899, according to the Comptroller's accounts, while the Municipal accounts showed a large credit balance in its favour, the Board resolved to form a Sub Committee for the purpose of making a thorough examination of the accounts. The Sub-Committee thus formed, examined the accounts of the years 1895-96, 1896-97 and 1897-98 as well as of the first three months of 1898-99, and arrived at the conclusion that the difference between the Municipal and Comptroller's accounts was chiefly due to the omission to include in Municipal accounts the adjustments made in the Comptroller's accounts during the period referred to.

2. The Committee complain that the Government, the Comptroller and the Sanitary Department spent Municipal Funds or made adjustments of the moneys already spent without reference to the Board in the first instance, and that the adjustments made in the Comptroller's office were not communicated monthly as required in Government Proceedings No. 6227-8—L. 427, date 24th May 1881. They also state that Mr. T. T. Leonard, the late President, drew his salary through the Agency of the Madras Bank without any intimation to the Municipal office as long as he remained President, and that the Comptroller adjusted the salary of the Sanitary Inspector at Rs. 100 per mensem, the provision made therefor in the Municipal budget being only Rs. 60 + 15 notwithstanding the fact that the Officer refused to be a subordinate of the Board, and drew his salary as a Member of the Provincial Medical Service. The Committee, therefore, requests the issue of some definite instructions in the matter. Government are of opinion that no Municipal money should be spent, and no adjustment thereof made, without the sanction being accepted by the Board. A copy of the Sub-Committee's report will be forwarded to the Comptroller with a request that he will issue the necessary instructions for future guidance.

3. The Sub-Committee bring to notice that the Order of Government, dated 27th June 1895, No. 24999-25003—L. F. 82-92, with regard to the winding up of the accounts of the Special Improvement Committee was not placed before the Board for the last 3½ years and that a sum of Rs. 12,340-5-10 was spent from Municipal Funds on roads, in the extensions, both before and after the dissolution of the Improvement Committee. The Municipal Board support the suggestion of the Sub-Committee to debit the amount to the late Improvement Committee and to reimburse the Municipality to that extent. The Government do not consider this to be a reasonable request and they are not prepared to grant it.

4. The Sub-Committee state that an expenditure of Rs. 7,147-11-0 was incurred by the Municipality on conservancy charges, &c., of the extensions from 1897-96 to 1897-98 over and above the income realized by the Municipality from the extensions of the City and they recommend that this be refunded to the Board, and debited to the late Improvement Committee. The Government agree with the Municipal Board who do not support the proposal and decline to sanction the refund claimed.

5. The items disallowed in the two previous paras should, the Government observe, be met from Municipal Funds, as the cost was incurred for works which are likely to benefit the Municipality permanently.

6. The Sub-Committee brings to notice that the executive failed in their duty,

(*a*) to place before the Board the professional opinion obtained on the state of accounts of the Municipality for prompt action being taken on the several defects pointed out by Mr. Biddulph ; and

(*b*) to adhere to the Board's Resolution, dated 20th January 1893, in regard to the appointment of periodical Sub-Committees for the audit of accounts, who would have avoided the discrepancies in accounts noticed in para 1 *supra*.

The President is requested to state why the omissions referred to were allowed to occur in each case.

The appointment of a competent Accountant for a short period to submit a final report making the Municipal and Comptroller's accounts tally, proposed in para 11 of the Sub-Committee's reports, appears unnecessary. The Comptroller's figures may be adopted.

8. The proposal to debit to Plague Funds the sum of Rs. 14,313-7-8 expended from Municipal Funds and the application for a further loan of Rs. 70,000 will be dealt with separately and orders passed in due course.

	Rs.	a.	p.
(1) Expenditure incurred on Public Works during 1897-98 in excess of the Plague allotment.	6,448	13	5
(2) Expenditure incurred from and debited to Municipal Funds out of funds charged to Plague Funds.	7,864	8	3
Total ...	14,313	7	8

9. The Government cannot omit to notice the very unsatisfactory condition of the finances of the Municipality, but they at the same time express the hope that greater attention will hereafter be paid to the subject by the Board than heretofore, and a satisfactory state of finances restored as early as possible.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To the President, Bangalore City Municipality.
The Accountant-General, with a copy of Sub-Committee's Report, &c.
The Superintending Engineer, Sanitary Works, through Chief Engineer.

Pay Department.

READ—

The Report on the Administration of the **Minor Municipalities in the Bangalore district** for 1897-98, received with the President's letter **No. 1199, dated 5th June 1899.**

No. 3461-71—L. F. 38-98, DATED BANGALORE, 11TH SEPTEMBER 1899.

ORDER THEREON.—**The number of minor municipalities in the district during 1897-98 was 16, the same as in the year previous. These were managed by** Boards consisting of 32 *ex officio* and **102 nominated members** Except in the case of Dodballapur, where 3 **meetings were not held owing to the want of a** quorum, monthly meetings were **regularly held in all the municipalities.** The average attendance of members at **these meetings was better than in the previous** year, and all the members **are reported to have taken an interest in the administration of the funds entrusted to their charge.**

2. **The income of the municipalities fell from Rs. 35,253** to Rs. 33,535, the decrease being **chiefly due to the abolition of loom-tax** under the orders of Government Including the opening **balance, the sum available for expenditure was Rs. 70,660, of which Rs. 37,409 were spent, leaving a balance of Rs. 33,251 at the** end of the year. **Larger outlay was incurred under the head "IV. Conservancy,"** owing to the employment of additional sweepers., &c, as well as under "IX. Charitable grants," owing partly to the cost of dispensary buildings having been debited to this head and partly to the payment of a monthly allowance of Rs. 10 to the Hospital Assistant at Nelamangala for rendering medical aid to the inhabitants of Tyamagondlu.

3. **Out of the total demand of Rs. 34,427,** including arrears of previous years, **Rs. 33,630 were collected or remitted, leaving a balance** of Rs 797 outstanding at the end of the year.

4. **As in 1896-97, the number of Local Fund** dispensaries was 10, but the number of patients treated rose from 73,053 to 86,352

5. **The midwives attached to the Local Fund** dispensaries are reported to have done good work A comparative statement showing the number of cases attended to by each midwife should have been submitted. The omission should be supplied in future reports.

6. **The number of births** fell from **1,143** to **1,093**, while the number of deaths rose from **1,027** to **1,163**, the increase being chiefly under fevers.

7. **The Statement D** shows that in **10** of the municipalities with a population of 57,094, the total number of persons vaccinated was only 660 against 753 in the previous year, giving a percentage of only 1·15. This Statement D does not include the names of the marginally noted 6 municipalities, and the President is requested to explain the omission and to state whether there were no cases of vaccination whatever in any of them during 1897-98.

1. Kengeri.
2. Sulibele.
3. Tyamagondlu.
4. Sarjapur.
5. Dommasandra
6. Vadigenhalli

8. The contributions from Municipal Funds towards the cost of schools during the year 1897-98, amounted to Rs. 4,173.

9. There was a great delay in the submission of this report. It was received in this office on 1st October 1898, but was not received until upwards of two months after that date. Such delays should be avoided in future.

C SREENIVASIENGAR
Secy. to Govt., Gen. & Rev. Depts.

To—The President of the Municipal Council, the Bangalore District.
The Comptroller to the Government of Mysore.
The Senior Surgeon to the Government of Mysore.
The Chief Engineer to the Government of Mysore.
The Presidents of Municipal Councils in other Districts.

READ—

Letter No. 524, dated 26th January—2nd March 1899, from the President of the Municipalities in the Tumkur district submitting the Administration Report of the several municipalities of the district during 1897-98.

No. 3595-90—L. F. 38-98, DATED BANGALORE, 14TH SEPTEMBER 1899.

ORDER THEREON.—The Government regret to notice that there was a delay of nearly five months in the submission of the above report. The annual report should in future be submitted on or before the 30th of September every year.

2. The number of municipalities in the district during 1897-98 was the same as in the previous year. Their population ranges between 11,096 in Tumkur and 1,416 in Halavanahalli. The number of members, both official and non-official, was 128 against 137 in the year preceding. Each of the Municipal Boards met twelve times during the year, with an average attendance of nearly nine members at each meeting.

3. The following statement exhibits the financial condition of the several municipalities in the district as contrasted with that of the year 1896-97:—

Receipts.				Expenditure.			
Items.	1896-97.	1897-98.	Difference.	Items.	1896-97.	1897-98.	Difference.
I [illegible]	2,769	2,627	—142	I. Interest on debt	115	.....	—115

[illegible]	734	734		2. Commission and feeding charges of cattle-pounds	818	599	—219
[illegible]	768	473	+109	3. Jubilee expenses	1,005	.....	—1,005
[illegible]	326	215	—111	4. Other items ..	593	561	—32
Total	34,537	38,540	+4,108	Total ...	37,368	26,374	—10,994
[illegible]	33,475	28,709		Opening Balance ...	31,034	41,175	
Grand Total	68,012	67,249		Grand Total	68,402	67,549	

4. There was a net increase of revenue of Rs 4,108, being the result chiefly of an increase of Rs. 6,530 due to the price realized by the sale of building sites in the extension of the town of Tumkur and of a decrease under "House" and "Miscellaneous" taxes due to the abolition of Local-tax, as also under "Octroi" due partly to the curtailed importation of excisable articles from Her Majesty's Territories and partly to the smuggling of these articles by tradesmen. The early and practical protocols for the prevention of smuggling, which are under the consideration of the Tumkur Municipal Board, will be awaited.

5. Out of the total demand of Rs. 39,412-15-3, a sum of Rs. 38,105-12-5 was collected during 1897-98 and a further sum of Rs 703-7-11 since realized, leaving a balance of Rs 603-10-11 still to be collected.

6. The expenditure during 1897-98 was on the other hand less than that of the previous year, [illegible] to smaller outlay incurred on public works and [illegible] and to the absence of any expenditure on account of re-payment of loans.

7. In addition to the usual conservancy charges incurred on account of the pay of sweepers and hire of rubbish carts, a sum of Rs. 248-4-4 was expended on sanitary improvements by four of the municipalities as a measure of plague prevention as per orders contained in Government Proceedings No. 11967-76—93-97, dated 22nd March 1898.

8. The public works undertaken by the several municipalities consisted of the maintenance of roads, &c., construction and maintenance of drains as well as of the opening of lanes and excavation of a drinking water well at Koratagere.

9. The total number of births in the several municipalities in the district rose from 960 in 1896-97 to 969 in 1897-98, and deaths from all causes from 924 to 936. Form B shows that there was not a single death due to cholera during 1897-98 against 111 in the previous year, while there were 115 deaths more due to fevers.

10. Municipal Funds contributed Rs. 1,590-11-6 against Rs. 3,072-2-10 in 1896-97 towards the cost of eight out of 12 dispensaries in the district. The number of in-door and out-door patients treated in all the dispensaries was 62,589 against 64,800 of the year preceding.

11. There were 11 midwives in the district or one more than 1896-97, the one for Turuvekere sub-taluk having been appointed recently. The number of labor cases attended by these midwives was 398 against 403 in the preceding year.

12. The total number of persons vaccinated rose from 1,488 in 1896-97 to 1,696 and the percentage of successful cases from 92·3 to 94·4, respectively.

13. The contribution made by the several municipalities for educational purposes during the year under review amounted to Rs. 2,088 as per President's letter No. 51, dated 22nd July 1899 (appended), and not Rs. 60 only as shown in paras 15 and 23 of the report under review.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

—The President of the Municipalities in the Tumkur District.
The Comptroller to the Government of Mysore.
The Senior Surgeon with the Government of Mysore.
The Chief Engineer in Mysore.
The Superintending Engineer, Sanitary Works.
The Inspector General of Education in Mysore.

MEMO No. 3591-97.
Copies to Presidents of other Municipalities.

No. 3641-9—L. F. 320-96, DATED BANGALORE, 15TH SEPTEMBER 1899.

ORDER.—The term of appointment of the Work Inspectors employed for the supervision of works undertaken by the Revenue Department from District and Municipal Funds, sanctioned tentatively for one year, in Proceedings No. 13938-46—L. F. 320-96, dated 30th June 1897, and extended by subsequent Proceedings of Government, having come to an end at the close of the past official year, the Government consider it desirable to consult the Deputy Commissioners of Districts before passing final orders on the general question of the retention of the establishment referred to.

2. It is observed that the temporary establishment has now been in existence for two years and, it is expected that the Deputy Commissioners will now be able to make definite proposals regarding the retention of the establishment and the scale of salaries that may be given to the required staff. Their attention is accordingly invited to Proceedings No. 13938-46—L. F. 320-96, dated 30th June 1897, referred to above, and they are requested to submit their reports with definite proposals as called upon in para 1 thereof.

3. The Government are, in the meanwhile, pleased to sanction the continuance of the existing establishments in the several districts for another year pending the issue of final orders on the subject.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

—The Deputy Commissioners of Districts.

READ—

Letter No. 17, dated 8th July 1899, from the President of the Municipalities in the Hassan district, submitting the budget estimates of the several municipalities in the district for 1899-1900.

No. 3708-13—L. F. 79-98, dated Bangalore, 16th September 1899.

ORDER THEREON.—The estimated Receipts and Expenditure of the several municipalities in the district for the year 1899-1900 are as given in the following abstract statement:—

		Hassan.	Alur.	Sakleshpur.	Belur.	Hanavar.	Harihalli.	Arsikere.	Channarayapatna.	Arkalgud.	Hole-Narsipur.	Grama.	Konanur.	Sravanabelgola.	Heswarpatna.	Total.

		12,139	2,429	3,240	3,458	1,118	1,253	1,930	2,590	3,976	4,515	666	1,032	542	519	39,111

(2) *I Octroi.*—The decrease under this head is chiefly under "Cloth" in the municipalities of Hassan, Arsikere and Hole-Narsipur and is due to the plague scare prevailing in those towns. The estimate is approved.

(3) *X. Miscellaneous, M. Contribution.*—The decrease under this head is due to the re-transfer to the Public Works Department of the provincial roads in Hassan, Saklespur and Arsikere with their annual maintenance allowance in accordance with Proceedings No. 389-401—2211-23, dated 2nd May 1899. The estimate is sanctioned.

(4) *Opening Balance.*—The estimates under this head do not correspond with the closing balance of the year 1898-99. It is not clear how the figures have been arrived at. Pending the receipt of information as to the actual balance from the Comptroller the provisions will be retained.

EXPENDITURE.

(5) *I. Interest on Debt, XI. Miscellaneous (a) Re-payment of Loans.*—No provision has been made in the budget of the Hassan town under these heads in anticipation of the sanction of Government to the Board's recommendation contained in the President's letter No. 855, dated 31st May 1899, to relieve them of this charge for a period of three years. Pending the issue of final orders on the above reference, the usual provision will be made in the budget on this account.

(6) *II Head Office.*—The provision made under this head will be retained, pending receipt from the Comptroller of a statement showing the contributions by the several municipalities towards the cost of Local Fund [illegible] called for in Government Proceedings No. 722-30—L. F. 3-97, dated 4th May 1899.

(7) *III Collection (b) Mohatarfa.*—The percentage remuneration to the [illegible] for collection mohatarfa taxes has not been provided in the budget as the work is now performed by the clerk of the Vice-[illegible].

(8) *IV Establishment.*—The following new items and increases are provided [illegible] Assessment. As some of them have already been sanctioned and others [illegible] they are sanctioned and the provisions made for

	1899-1900	
	Rate	Amount
	Rs.	Rs.
	8	288
	7	252
	7	756
	6	864
	10	120
	13	312
	5	720
	15	540
	5	60
	2	144

(9) ***VIII. Public Works (a) Supervision.***—The provisions made under this head do not correctly represent 10 per cent of the cost of works proposed to be executed in the marginally noted municipalities. They will be altered as specified against each.

No.	Names of Municipalities.	Proposed.	Sanctioned.
1	Alur	200	210
2	Saklespur	330	350
3	Belur	195	245
4	Banavar	35	55
5	Harnahalli	34	54
6	Arsikere	50	60
7	Channarayapatna	145	145
8	Arkalgud	215	240
9	Hole Narsipur	227	380
10	Grama	25	27
11	Konanur	40	40
12	Sravanabelagola	45	45
13	Basavapatna	5	5
	Total ...	1,546	1,856

(10) ***VIII. Public Works (b) to (o) Works.***—Works proposed to be executed and provisions made therefor in the several budgets are approved, subject to the submission of detailed estimates for works costing Rs. 500 and upwards.

(11) ***IX. Charitable Grants.***—The Municipal budget of Alur provides Rs. 8 in excess of a moiety of the District Fund quota of the dispensary charges in the town. This excess is due to the pay of the compounder having been raised from Rs. 8 to 10 per mensem. The provision is passed.

(12) **The other items call for no remarks and are passed.**

(13) **The budget estimates of the several municipalities in the Hassan district for 1899-1900 are sanctioned as per details given in the accompanying appendices, of which an abstract is given below :—**

No.	Names of Municipalities	Opening balance	Estimated receipts for 1899-1900.	Total including balance.	Estimated expenditure for 1899-1900.	Closing balance.
		Rs.	Rs.	Rs.	Rs.	Rs.
1	Hassan	10,860	12,130	22,990	21,180	1,[illegible]
2	Alur	5,237	2,469	7,706	5,[illegible]	1,[illegible]
3	Saklespur	1,308	3,739	5,047	4,[illegible]	2,[illegible]
4	Belur	1,956	[illegible]	5,[illegible]	3,[illegible]	3,[illegible]
5	Banavar	665	1,118	1,[illegible]	1,[illegible]	[illegible]
6	Harnahalli	657	1,[illegible]	1,[illegible]	1,[illegible]	[illegible]
7	Arsikere	1,276	1,[illegible]	3,[illegible]	2,[illegible]	[illegible]
8	Channarayapatna ...	1,[illegible]	2,[illegible]	[illegible]	[illegible]	[illegible]
9	Arkalgud	[illegible]	[illegible]	[illegible]	[illegible]	[illegible]
10	Hole Narsipur ...	[illegible]	[illegible]	[illegible]	[illegible]	[illegible]
11	Grama ...	[illegible]	[illegible]	[illegible]	[illegible]	[illegible]
12	Konanur ...	1,70[illegible]	1,07[illegible]	[illegible]	[illegible]	[illegible]
13	Sravanabelagola ...	[illegible]	[illegible]	[illegible]	[illegible]	[illegible]
14	Basavapatna	[illegible]	[illegible]	[illegible]	[illegible]	[illegible]

(14) From the above it will be seen that the closing balance is less than the prescribed minimum in each of the Municipalities of Hassan, Channarayapatna and Hole-Narsipur. Reductions in the sanctioned allotments should be proposed unless the actual balance on 1st July 1899 is found to be in excess of the estimates adopted in the present budgets.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The President of the Municipalities, in the Hassan District.
The Comptroller, to the Government of Mysore.
The Senior Surgeon with the Government of Mysore.
The Chief Engineer in Mysore.
The Superintending Engineer, Sanitary Works.
The Inspector General of Education.

Memo No. 3714-20—L. F. 79-98.

To the Presidents of Municipalities in other Districts.

READ—

Letter No. 848, dated 23rd June 1899, from the President of the Municipal Board, Mysore City, re-submitting the Budget Estimates of the City Municipality for 1899-1900, duly corrected, with the information called for in this office docket No. 13970—L. F. 73-98, dated 12th June 1899.

Letter No. 67, dated 24th July 1899, from the same Officer.

No. 3909-14—L. F. 73-98, DATED BANGALOE 22ND SEPTEMBER 1899.

ORDER THEREON.—**The estimated receipts and expenditure of the City Municipality for 1899-1900, as compared with those of the previous year, are given in the following statement:—**

Budget item.	Receipts.	Estimate for 1898-99.	Estimate for 1899-1900.	Budget item.	Expenditure.	Estimate for 1898-99.	Estimate for 1899-1900
		Rs.	Rs.			Rs	Rs.
I	Octroi	52,000	65,200	II	Head office charges ...	8,228	8,295
II	Tax on houses, &c.	12,449	14,000	III	Collection	11,098	11,100
III	License receipts	7,749	9,500	IV	Conservancy	29,413	29,076
IV	Carriage tax	420	503	VI	Registration of births and deaths.	250	260
V	Tax on animlas	919	1,200	VII	Lighting	8,088	8,088

VIII	Rents	6,048	8,350		(a) Supervision	3,252	3,252
IX	Fines	50	50		(b) to (o) Works ...	44,300	33,109
X	Miscellaneous	16,024	14,920	IX	Charitable grants ...	9,395	7 935
XI	Payment for services rendered to individuals.	131	200	X	Education	8,696	8,696
				XI	Miscellaneous	12,847	12 949
	Total ...	1,01,149	1,21,270		Total	1,36,157	1,25674

2. II. *Octroi.*—The increased estimate under this and other heads is based on the average of the actual collections of the three years ending 1897-98 and not on the probable collections or the final estimate of 1898-99, as receipts fell under all heads owing to the prevalence of Plague in the city during 1898-99. The estimate is approved.

3. *VIII. Rents.*—A sum of Rs. 20, expected as rent on a field which was purchased for the improvement of the city and subsequently leased out, shown under "X. Miscellaneous," will be transferred to this head and the estimate raised to Rs. 8,370, corresponding reduction being made under the head "X. Miscellaneous."

4. *X. Miscellaneous.* (*a*) *Contribution* The details of the estimate of Rs. 7,250 under this head against Rs 10,000 the actuals of 1897-98 have not been furnished. The correct amount that ought to have been shown is Rs. 7,770 as per particulars given in the margin. The cause for the decrease requires explanation. Pending information the estimate will stand.
